### Part 1  Concepts

#### 1 Introduction
- 1.1 The approach: 3
- 1.2 Defining the welfare state: 7
- 1.3 Objectives of the welfare state: 10
- 1.4 Finance:
  - 1.4.1 Definitional issues: 14
  - 1.4.2 Incidence considerations: 15
  - 1.4.3 Redistribution: Preliminary discussion: 16
- 1.5 A changing world: Challenges and responses: 18

#### 2 Political theory: Social justice and the state
- 2.1 Theories of society: 22
- 2.2 Libertarian views: 23
- 2.3 Liberal theories of society:
  - 2.3.1 Utilitarianism: 25
  - 2.3.2 Rawls on social justice: 27
- 2.4 Collectivist views:
  - 2.4.1 Democratic socialism: 30
  - 2.4.2 Marxists: 31
- 2.5 Implications for the role of the state:
  - 2.5.1 Theoretical issues: 34
  - 2.5.2 Policy implications: 35
  - 2.5.3 Attitudes towards the welfare state: 36
- Appendix: Non-technical summary of Chapter 2: 39

#### 3 Economic theory 1: State intervention
- 3.1 The formal structure of the problem: 41
- 3.2 Why economic efficiency is one of the aims of policy:
  - 3.2.1 The concept of economic efficiency: 43
  - 3.2.2 The relevance of efficiency to different theories of society: 46
3.3 Intervention for reasons of efficiency
  3.3.1 The Fundamental Theorems of welfare economics in a first-best economy
  3.3.2 Deviations from first best: Imperfect competition, public goods, externalities, and increasing returns to scale
  3.3.3 Deviations from first-best: The economics of information
  3.3.4 Deviations from first-best: Behavioural economics
  3.3.5 Deviations from first-best: Incomplete markets
  3.3.6 Deviations from first-best: Distortionary taxation
  3.3.7 Conclusion: Why do we have a welfare state?

3.4 Intervention for reasons of social justice
  3.4.1 Why does redistribution occur?
  3.4.2 Redistribution in cash or kind?
  3.4.3 Horizontal equity
  3.4.4 Is there enough redistribution?

3.5 Public choice and government failure

3.6 From theory towards policy: The issue of privatization

3.7 Conclusion: Economic and political theory
  3.7.1 Drawing the boundaries between government and markets
  3.7.2 Achieving policy aims: A liberal view
  3.7.3 The debate with libertarians

Appendix: Non-technical summary of Chapter 3

4 Economic theory 2: Insurance

4.1 Introduction

4.2 The demand for insurance
  4.2.1 Individual demand
  4.2.2 The nature of the product: Insurance as a mechanism for risk sharing
  4.2.3 An example: Annuities

4.3 The supply side
  4.3.1 Incomplete markets: The supply of insurance
  4.3.2 Asymmetric information

4.4 The insurance market as a whole: Private and social insurance
  4.4.1 The existence and efficiency of private insurance markets
  4.4.2 Social insurance

Appendix: Non-technical summary of Chapter 4

5 Problems of definition and measurement

5.1 Measuring welfare
  5.1.1 Individual welfare
  5.1.2 Social welfare

5.2 Poverty
  5.2.1 Defining poverty

8 Poverty relief

8.1 Introduction

8.2 Theoretical arguments for state intervention
  8.2.1 Why state intervention
  8.2.2 What form of intervention: The simple analytics of targeting

8.3 Assessing the options
  8.3.1 Income-tested benefits
  8.3.2 Working tax credits
  8.3.3 Family support
  8.3.4 The poverty and unemployment traps
  8.3.5 Empirical issues and evidence
  8.3.6 Conclusion

9 Strategies for reform

9.1 Approaches to income support

9.2 Income-testing: The negative income-tax approach
  9.2.1 The idea
  9.2.2 An assessment of large-scale negative income-tax proposals
  9.2.3 The role of a small-scale negative income tax

9.3 Indicator-targeting: The 'Back-to-Beveridge' approach
  9.3.1 The idea
  9.3.2 An example

9.4 Mixed strategies

9.5 Conclusion: Cash benefits

Part 3 Benefits in Kind

10 Health and health care

10.1 Introduction

10.2 Aims
10.2.1 Concepts 232
10.2.2 Efficiency: Measuring costs and benefits 234
10.2.3 Measuring the distribution of health and health care 235

10.3 Methods 238
10.3.1 Theoretical arguments for intervention 1: Efficiency 238
10.3.2 Theoretical arguments for intervention 2: Equity 244
10.3.3 Types of intervention 246

10.4 Assessing the options 250
10.4.1 Overview 250
10.4.2 Containing medical spending: A pervasive problem 251
10.4.3 Private finance plus private production: Archetype the USA 254
10.4.4 Public finance plus public production: Archetype the UK 256
10.4.5 Public finance plus private production: Archetype Canada 262

10.5 Conclusion 263

11 School education 266
11.1 Introduction 266
11.2 Aims 266
   11.2.1 Concepts 266
   11.2.2 Efficiency: Measuring costs and benefits 268
   11.2.3 Measuring the distribution of education 273
11.3 Methods 276
   11.3.1 Theoretical arguments for intervention 1: Efficiency 276
   11.3.2 Theoretical arguments for intervention 2: Equity 278
   11.3.3 Types of intervention 279
11.4 Assessing the options 281
   11.4.1 Overview 281
   11.4.2 Optimizing education spending 288
   11.4.3 Education vouchers: Introducing market mechanisms 289
   11.4.4 Systems with some competition 291
   11.4.5 Systems with more competition 293
11.5 Conclusion 296

12 Tertiary education 299
12.1 Introduction 299
12.2 Aims 300
   12.2.1 General aims 300
   12.2.2 Specific aims of higher education policy 300
12.3 Methods 301
   12.3.1 Theoretical arguments for intervention 1: Efficiency 301
   12.3.2 Theoretical arguments for intervention 2: Equity 305
   12.3.3 Types of intervention 305
### DETAILED CONTENTS

#### 12.4 Assessing the options
- 12.4.1 Overview
- 12.4.2 Strategy element 1: Variable fees
- 12.4.3 Strategy element 2: A well-designed loan scheme
- 12.4.4 Strategy element 3: Action to widen participation
- 12.4.5 What role for government?
- 12.4.6 Why not other options

#### 12.5 Conclusion

---

#### Part 4 Epilogue

#### 13 Conclusion

- 13.1 Arguments for a welfare state
  - 13.1.1 Theory
  - 13.1.2 Policy
  - 13.1.3 Why have a welfare state?
- 13.2 A changing world: Debates
  - 13.2.1 Is the welfare state desirable?
  - 13.2.2 Is the welfare state sustainable?
